

# Just Money Extras 2: alternative Bible study

## Notes for group leaders

The Bible study included in the 'Just Money' module is based on the Old Testament – but the New Testament is also full of interesting teachings about money. The *Just Church* group at St Barnabas' Catholic Cathedral in Nottingham have very kindly supplied this alternative Bible study, which uses passages from the New Testament instead. Feel free to use whichever study works best for your group – or use them both!

## Activity: Bible study (25 minutes)

Split the group into three smaller groups. Give each group a Bible and ask them to read two passages: one from a Gospel and one from the Epistles.

- Group 1: Mark 12:13–17 and 1 Timothy 6:6–10
- Group 2: Luke 18:18–27 and Philippians 4:10–20
- Group 3: Matthew 6:1–4 and 2 Corinthians 9:6–15

Ask the groups to look at each of their passages in the light of the other passage. What light do they throw on one another? What insights do they give us into our use of money, as individuals and as a church?
